Why 34/100 · fit for Demo Electric, explained (B14)

– Scope match 4/40

0% of the trade pages read are in your divisions (divisions found: Div 20). 1 of 5 scope items match capabilities in your profile (not shown in your profile: elec.standby-power, elec.install.commercial, controls.plc.mcc, instr.install).

? Location 10/20

Site or office location unknown, so this is neutral.

? Wiring and equipment specs 7.5/15

No wiring or equipment requirements read, so this is neutral.

? How you'd bid 7.5/15

How bids are received is not stated, so this is neutral.

? Project size (soft signal) 5/10

Unknown: no stated value, so size is neutral (your evidence: $0.25M–$5.00M (sample profile for the demo)).

ELIGIBILITY (SEPARATE FROM THE SCORE)

- Bonding capacity: required; not in your profile yet.
- Surety / agreement to bond: required; not in your profile yet.
- Insurance: required; not in your profile yet.

Scored by fixed rules (fit-v0.1 (2026-11-02, proposal; locked after the discovery calls, register row 92)). AI does not set the score. Size is a soft signal only and never hides a project.
