Why 50/100 · fit for Demo Electric, explained (B14)

~ Scope match 20/40

50% of the trade pages read are in your divisions (divisions found: none). 0 of 0 scope items match capabilities in your profile.

? Location 10/20

Site or office location unknown, so this is neutral.

? Wiring and equipment specs 7.5/15

No wiring or equipment requirements read, so this is neutral.

? How you'd bid 7.5/15

How bids are received is not stated, so this is neutral.

? Project size (soft signal) 5/10

Unknown: no stated value, so size is neutral (your evidence: $0.25M–$5.00M (sample profile for the demo)).

ELIGIBILITY (SEPARATE FROM THE SCORE)

Scored by fixed rules (fit-v0.1 (2026-11-02, proposal; locked after the discovery calls, register row 92)). AI does not set the score. Size is a soft signal only and never hides a project.

Watched sections · B18

Electrical

Default: the trades in your profile. Change it any time. Changes in these sections are shown in depth; always-report items (closing, bid form, bonding/insurance, schedule, approved manufacturers, site meetings, scope-wide changes) are shown in depth for everyone.

YOUR RELATIONSHIP NOTE (B5)

🔒 private to Demo Electric

Only you can write this note: your view of the GC–owner relationship and your own relationship with the GC. It is never AI-written and never used for anyone else.

Evidence coverage · B17

Read	1 files · 1 of 1 pages have a text layer
Notice	CanadaBuys notice · 1 pp `sha256 3d03addbfa1ded344377d93d1d6524cbda8df8540b250d726c3109a5c193d3d3`
Note	AI read 1 of 1 pages (pdf) in 1 call(s): 11 quote-checked proposals accepted, 0 rejected (quote not on the cited page); 3,742 tokens, $0.0209 counted against the monthly cap.
Quote check	11 of 11 quotes matched word-for-word (100%); 1 hand-entered notice fact(s) shown with their source
Method	Local text extraction (poppler-pdftotext-layout (pdftotext version 25.03.0)); AI reading (gemini-3.1-flash-lite) verified by deterministic rules; every AI quote checked word-for-word.

Extracted by AI (Gemini: gemini-3.1-flash-lite), every fact quote-verified. 1 of 1 pages read (pdf) in 1 call; 11 AI facts passed the word-for-word quote check, 0 were rejected. 4 fields filled by AI, 1 confirmed by rules, 1 conflicts shown, 5 protected fields AI-read (Low confidence, confirm by hand), 0 protected-field hints. 11/45 fields filled. Usage counted against the cap: $0.0209.
